

Amendments to the Drawings

Applicant forwards for approval by the Examiner both Replacement Sheets and an Annotated Sheet Showing Changes, labeling FIGS. 1-4 as “Prior Art”, in accordance with the Examiner’s objection to the drawings.

REMARKS

The Patent Office records as reflected in PAIR show that the Patent Office did receive a Power of Attorney to the attorneys associated with Customer No. 49413 on 09 December 2004. However, correspondence is still being sent to the former attorneys. Please correct the problem so that the attorneys of record will receive future correspondence and so that the correct attorneys of record are reflected in PAIR.

The Patent Office Records reflect that Jordan C. Cookman is the first inventor for this application. However, the first inventor should be Ping Dong. A Supplemental Application Data Sheet is submitted herewith pursuant to 37 C.F.R. §1.77(c)(1) to reflect the correct ordering of inventors.

Claims 1-6 were pending in the Application prior to the outstanding Office Action.

The Examiner has indicated that the application is in condition for allowance except for the following formal matters.

The Examiner has objected to Figures 1-4 because they should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. Amended figures are part of this response.

The Examiner has objected to Claims 4-6 because of the following informalities:

In claim 4, line 11, "from" should be --form--.

In claim 5, line 1, "from" should be --form--.

In claim 6, line 13, "from" should be --form--.

Applicants have amended claims 4, 5 and 6 herein as suggested by the Examiner.

Applicants have further amended the claims to improve their style and readability. For instance, the term "multiple" has been changed to "a plurality of" in several places.

"Generating" has become "to generate." Applicants do not believe that the amendments raise any new issues and, accordingly, request that the Examiner enter the proposed amendments.

CONCLUSION

It is respectfully submitted that this application is now in condition for allowance, and such action is requested. If the Examiner believes a telephone conference would aid the prosecution of this case in any way, please call the undersigned at (650) 712-0340.

The Commissioner is hereby authorized to charge any fee determined to be due in connection with this communication, or credit any overpayment, to our Deposit Account No. 50-0869 (HBES 1004-1).

Respectfully submitted,
